

Witham Health Services Community Benefit Report 2016

**TAKING ROOT IN THE COMMUNITY
THROUGH OUTREACH EFFORTS.**

A Message from our CEO

Witham Health Services is pleased to present the 2016 Community Benefit report. One of our fundamental values at Witham is our “commitment to others through service and example”. We remain committed to our community as an organization and individually in our personal contributions. With a long history of important community partners, we believe it is our duty and our obligation to support the health and well-being of all those we serve.

Hospitals today are expected to measure and report their clinical quality, the cost of care, and patient outcome data. Given the high cost of healthcare this increased demand for accountability is easily understood. The call for accountability, one of Witham’s core values, goes beyond measuring cost and quality of patient care and now includes a wide range of hospital activities and services that together are defined as Community Benefit.

Caring for the community and the patients we serve is at the core of Witham Health Service’s mission and values. We consider it a great privilege to have such a vital role in the health of both individuals and the community.

We hope this report highlights the many ways that our hospital impacts our community and brings to light the many exceptional employees, physicians and volunteers that give so much to those we serve every day.

Leadership

Look how we've grown...we've added 5 new physicians this year.

Mission, Values & Vision

Witham Health Services mission, values and vision are our fundamental driving principles. These statements are more than a corporate statement. It's our DNA. As employees embrace the mission, the values become a conscious part of the way we live with other colleagues, our patients and the greater community.

Our Mission

To improve health through excellence and personalized care.

This mission is lived out daily at Witham through our values, which show we are committed to others through both our service and example. Our values focus on four key characteristics.

Our Values

Committed to others through service and example.

WE C: Compassion

A: Accountability

R: Respect

E: Excellence

While we stay focused on the present and how we're doing, we have to have an eye to the future, to what we want to become.

Our Vision

To be the community's healthcare provider of choice.

Community Partners

Witham Partnered with over 113 agencies and organizations across our community in 2016 to benefit those we serve. We appreciate these partnerships and know that working together we can deliver the greatest impact.
